

Books Available from Bob Rumpf 4/26/12

Note: It is important to me that it is understood I do not make a profit on the casting books I gather for the groups. I do extensive book searches everyday as part of my angling books business, and I just pick up these casting books at the most reasonable prices along the way while doing these searches. The prices shown are what I paid for the books rounded off to the nearest dollar. The books are available on a first come, first served basis.

I was able to locate one copy of **Bruce's book**. I had to pay \$94.00 (postage included), but considering dealers are asking up to a ridiculous \$1000.00 for this little gem, I bought it hoping someone wants it badly enough to pay as much as I did. So I have one copy of **“Modern Fly Lines” available at \$94.00** plus Media Mail postage of about \$3.00. First one to contact me gets the book. This is a two page list and contains some of the books from Lefty's Little Library which are all getting too expensive for practical purposes. These are not.
